This quarterly publication is invaluable to graduate and undergraduate art students planning careers in the Fine Arts. It contains information on grants, exhibitions, competitions, employment, etc., as well as other relevant artistic information such as current legislation involving the arts, health hazards, and interviews. Of note on page 68 of the current issue is a notice of a forthcoming exhibition at the Rose Art Museum of Brandeis University entitled Boston Painters, which includes the work of our own John McNamara, Catherine Bertulli, and Robert Ferrandini.
